FREQUENTLY ASKED QUESTIONS

WHAT IS WEB HOSTING?

Web hosting is the service that allows businesses to post a website on the internet. Think of the web hosting as your home on the internet where your website and file assets are stored and secured. Extraco's web hosting comes with features that help businesses grow, such as: publishing a website, creating a custom web-based app, file storage, and enhanced search.

CAN I MANAGE MY WEBSITE THROUGH ANOTHER AGENCY?

If you are the owner or administrator of a WordPress solution, we can host your site for you. We also offer website maintenance plans that provide you as few as two hours to an unlimited amount of hours per month in updates or revisions to your website.

WHY SHOULD I USE EXTRACO CONSULTING TO HOST MY WEBSITE?

We are a full-service agency and can provide all aspects of website development to hosting to paid digital marketing through your site. We will guide you through the process and provide all the moving parts. Just say when.
